

Greetings From **ARISTA INDIA !!!**

We ARISTA Manufacturing Private Limited are one of the leading manufacturer for Industrial Computer in India and we established in 2009. Arista Manufacturing Private Limited is managed by a team of professionals to provide affordable automation products and solutions to the customers in India & MEA countries from Chennai – India.

Today, ARISTA Manufacturing Private Limited has grown to encompass a broader spectrum of products and services. ARISTA India manufactures a wide range of fanless computers, industrial rackmount computers, powerful wallmount computers, longlife industrial displays, high reliability micro computers, shoebox computers, industrial tower Computers, ruggedized tablet computers, embedded board computers and other advanced industrial products with commitment to revision.

Our OEM capabilities help our customers meet exacting specifications and requirements at an affordable price and quick time to market in harsh operating environments. In a continuous pursuit of excellence, our core values include Innovation, Reliability, Agility, Integrity and Trust. **“You Speak, We Understand”**.

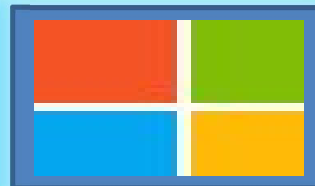

ADVANCED INDUSTRIAL COMPUTING SOLUTIONS

It is our goal to provide the highest quality products available in the market. Arista Manufacturing Private Limited utilizes precise Manufacturing controls to guarantee proper assembly, configuration, stability testing and final quality control. To ensure the highest process control, every action in the production process is logged, documented and archived for production integrity and support requests. Each product is audited and tested to ensure proper working order prior to delivery.

We work to manage the entire material acquisition and allocation process and is your single point of contact. Our team works behind the scenes to provide you with class leading services and prices, and provide them on-time and on-budget. Call or Email us to see how we can add value to your supply chain.
